

MOLD VIBRATION. IMPACT VIBRATION. ONE MACHINE.

The Servopac® Infinity is shaking things up. Block, pavers, retaining wall, you name it. The possibilities are infinite.

SERVOPAC®
DC INFINITY

BESSER
Trusted Since 1904

THE SERVOPAC® INFINITY, THE BEST OF BOTH WORLDS.

The Servopac® Infinity isn't just a machine—it's the future of block and paver production. Combining cutting-edge vibration technology with unmatched efficiency, it delivers everything you need today and for years to come. And with Besser, you're not just buying a machine—you're gaining a team of experts by your side for life.

WE CAN GO ON AND ON ABOUT THE INFINITY.

The Infinity offers the hallmark features of the Servopac® Family for maximum machine productivity.

- Impact vibration—optimal for low-height products.
- Mold vibration—optimal for tall products.
- Capability of product heights from 1-12 inches (25-300 millimeters).
- No pit is needed for the foundation.
- Mold and height changes are completed in less than 15 minutes.
- Optional rear and side-mounted core pullers.
- Optional front feedbox for face-mix concrete products.
- Simplified access around the machine for cleanup and maintenance.

A patented vibration system with
both mold and impact vibration.
